The Danish Environmental Protection Agency
Pesticides
Lerchesgade 35
DK-5000 Odense C
Denmark

Attn. Henrik F. Brodsgaard

1. State the company name and address in full.
2. State the name, telephone number and email address of the company's contact person. *The contact person must be an owner/employee in the company and authorised to sign on its behalf. The contact person will conduct all dialogue with the Danish Environmental Protection Agency.*
3. State the CVR number [Central Business Register number] (alternatively, the CPR number [civil registration number]).
4. State the year in which the company was established.
5. State whether the company belongs to one of the mentioned company forms: public limited company, cooperative society, private limited company, partnership, or sole proprietorship.
6. If the company is not a public limited company, cooperative society, private limited company, partnership, or sole proprietorship, state the type of company.

7. State the superordinate (general) sector description. In addition, state the company's sector code (NACE code), if known (e.g. confer http://ec.europa.eu/competition/mergers/cases/index/nace_all.html).
8. State the company's business areas, core service or core product.
9. State the company's total number of employees at the time of application converted to full-time employees.
10. State the total turnover according to the most recent financial accounts.
11. State whether the company complies with the EC Commission's rules on *de minimis* aid. (e.g. confer https://eur-lex.europa.eu/legal-content/EN/TXT/?uri=LEGISSUM%3A0802_2).
12. State whether the company has received *de minimis* aid within the last three years.
13. If the company has received *de minimis* aid within the last three years, enter the total amount.
14. If available, enter the Danish title of the project for which an application for a grant is being made.
- 14a. Enter the English title of the project for which an application for a grant is being made.
15. Enter the total amount applied for, excluding VAT.
16. Enter the expected duration in months of the project which is the subject of the application.
17. Enter a specified list of the registration feed pail to the Danish EPA.
18. Enter the dates for payment of the feeds to the Danish EPA.
19. Enter the date of the completeness check by the Danish EPA.
20. Enter the name of the company's bank.
21. Enter the Bank Identification Number.
22. Enter the company's bank account or giro number.
23. Enter documentation that the product is a low risk product.
24. Enter documentation that the product is a microbiological product (if relevant).
25. Describe the potential of the product to improve health or the environment compared to current practice.
26. State whether and in what way the product has technological innovative value.
27. Describe to what extent the product could contribute to increasing the acreage of organic agriculture in Denmark.

28. Describe to what extent the product could contribute to increasing the competitive power of Danish organic products.
29. Enter the product's Danish GAP table.
30. Describe the extent of damage caused by the target pests in Danish agricultural and horticultural crops or recreation areas.
31. State whether the product is included in Annex 1 of Regulation (EU) 2021/1165.
32. Additional relevant information may be entered here.
33. List attached appendices here.
34. In legible writing, note the title and name of the contact person in the company authorised to sign, cf. point A. Enter the place and date. The application must be signed by the contact person. Note that by signing you are confirming that all information is correct and can be documented, for example by the most recent financial accounts or CVR (Central Business Register), and that you may be liable to prosecution.

All applications are treated in an anonymised form at meetings of the expert monitoring committee for alternative plant protection products, after which the Danish Environmental Protection Agency will decide whether the application will be granted (in part or full).

In the event the company is awarded a grant, the company must sign a grant agreement which must be sent to the Danish Environmental Protection Agency before the start of the project. This must take place no later than 6 months after the award date.

Note that the grant is paid quarterly in arrears based on a statement of the company's disbursement. At the end of the project, an accountant's certificate confirming for all expenses must be submitted.
